Letter 5: Sid Fleischman

1981

"Many thanks for your wonderful letters. And how kind of you to celebrate my birthday and to make me your Author for MARCH! I'm delighted.

I'm pleased you are having fun reading my books – they're fun to write.

You humbly asked for a picture. I humbly send one along, though I really look more like Don Freeman's drawing on this page.

My warmest regards to each of you!

Best wishes,
Sid Fleischman
